Optional Practice Quiz

Practice Quiz, 2 questions

1
point

1. Given the following media query:

```
1 @media (min-width: 768px) and (max-width: 991px) {  
2 ...  
3 }
```

The styles within this media query will apply if the browser window is 991px wide.

☐ True

☐ False

1
point

2. The usual approach to using media queries is to provide some base styling and then change and/or add to them within each media query.

☐ True

☐ False
